

How to use the Makey Makey New Piano App (without the Makey Makey Board) to play 21 Instruments using 17 Keyboard Buttons and your left mouse button on your computer.

Pat McMahon V1 30/4/2024

Design Brief—Using the Makey Makey New Piano App only (without the Makey Makey Board), play 21 Instruments using 17 Keyboard Buttons and your left mouse button on your computer.

How to use Steps

- 1— Search on the web “Makey Makey”.
- 2— Open “Makey Makey Joylabz Official Site” and select “Apps”.
- 3—Select “Plug and Play Apps”.
- 4—Select “New Piano” and press “Play” to view the screen display.
- 5—On the black dialogue on the right hand side, slide the bar across to the right to get # of keys=30. (ie left arrow through to 6)
- 6—Ensure the starting note is on C, scale type MAJOR, Instrument PIANO, octave # 6.
- 7— To play the notes from left to right on the display, use your computer buttons- Left Arrow, Up Arrow, Right Arrow, Down Arrow, Space Bar, Left mouse button for CLICK, W, A, S, D, F, G, 1, 2, 3, 4, 5, 6.
- 8— Note- Using your mouse on the display, rather than the computer keys will give you all the same Note, you need to use the computer keys to get the various notes.
- 9— Experiment by playing around and change the Instrument type etc.
- 10— See if you can play a Song using the various keys.
- 11— CONGRATULATIONS and have Fun playing with your Keyboard.
